Unifrog – The Complete Destinations Platform

Dear Parent/Carer

In keeping with our commitment to offer outstanding careers guidance and tailored support for our students, at MV we use Unifrog: an award-winning, online careers platform.

Unifrog brings into one place every undergraduate university course, apprenticeship in the UK, as well as other opportunities, such as School Leaver Programmes, MOOCs and every college at Oxford and Cambridge. This makes it easy for students to compare and choose the best university courses and degree apprenticeships for them. They can also explore exciting opportunities further afield by looking at English taught undergraduate programmes available overseas.

Additionally, we will be using this platform to help students successfully apply for these opportunities by writing their personal statement, applications and CVs and guiding them through the process, allowing our teachers to give live feedback.

Students have been given access to platform this week and can benefit from it even after they leave Melton Vale as long as they have signed in with a private e-mail address. They can login using their email address and password from any computer, tablet or smartphone.

We have also set up a parent login so that you can use Unifrog as if you were a student yourself, allowing you to truly support your son/daughter. Please contact the college for the parent code.

We would encourage you to use the platform so you can understand the options available and the process we use at Melton Vale Sixth Form College.

For more information, go to www.unifrog.org.

Yours sincerely

Natasha Roberts
Assistant Head of College
